

UCID: 30026610

Name: Jianan Ding

How to run:

1. Unzip the folder
2. Open a terminal inside the 'final' folder
3. Type in 'node server'
4. Open two different browser (Chrome) or others
5. Go to 'localhost:3001'
6. If port 3001 is not working, please change the variable port in server.js
7. Enjoy

If not working, please try to open the folder with Visual Studio Code, and use the terminal there to type 'node server'.

Program has been tested in Chrome and Microsoft edge.
